Sustaining the Programs and Initiatives of South Central Community Action Programs

In 2021 SCCAP embarked on a million-dollar endowment campaign to begin the process of sustaining SCCAP's programs and initiatives forever. Thanks to the generosity and support of so many, The Million Reasons to Give Campaign exceeded its goal. We took the first step toward the ten-million-dollar endowment so needed to sustain us and empower stronger, self-reliant families FOREVER!

We then took the next step and created the SCCAP Legacy Society.

The list of Founding Members can be found on the next panel. We now invite you to join in our efforts and become a part of this society that will change the trajectory of our very own society where together, we can live in a thriving community with a brighter future for all.
